Have you been told that you're deeply intuitive?

Do you ever have a sense that something will happen—and then it *does*? If so, you may be psychically gifted. And if you're like many other gifted individuals, these psychic experiences often feel strong in the moment, but can be forgotten if you don't make a record of them. This guided journal provides a sacred space to reflect on these powerful events, deepen feelings of intuition, and open to your psychic senses.

From renowned psychic and Reiki master Lisa Campion, this engaging journal will help you understand, develop, and expand your own psychic ability. Filled with simple yet profound writing prompts, you'll discover ways to interpret your dreams and intuition, identify which areas of your life need work or healing, and experience a deeper and more spiritual life.

**“A must-have tool for growing along the path of
psychic and spiritual development.”**
