FOREWORD
Rhys Thomas

From master Reiki teacher Lisa Campion comes *The Art of Psychic Reiki*, a one of a kind, step by step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work.

Reiki is a gentle yet powerful, hands on energy healing method from Japan, embraced by bodyworkers and massage therapists in the West and increasingly by medical professionals who can attest to its healing power. Born from the author's decades of experience, this book provides everything you need to know about the healing art, including the critical psychic development and empathy training that prepares healers to do the work they were meant to do.

If you are drawn to Reiki, you may be a highly sensitive person with high levels of empathy, intuition, and latent psychic ability. Because Reiki is a form of energy healing, many new practitioners experience what is called a psychic opening as they learn or practice. Every Reiki practitioner needs to be able to navigate those sensitivities, and this book can help.

WHAT READERS WILL LEARN

- Energy management fundamentals, including how to ground, clear, and protect yourself in any situation
- Maximizing your intuition so you know exactly what to do in a Reiki session, and in your life
- Working with your Reiki guides and the subtle energies that support your healing work
- The principles and practice of Reiki levels 1 and 2
- Opening your psychic senses safely, so your sensitivity becomes a strength rather than an overwhelm
